Subject: Variance for Toutorsky Mansion

Dear Mr. Chairman and Member of the Board.

Again I'm asking you to be named as party status. I have talked to the Mayor's office and several City Counsel Members and they urged me to ask the board again. The board has accepted late filings for good cause from the petitioner, the last one July 26th which was due July 15th as requested by the board. My front yard is less than 200 feet from the subject property.

The representative of our block (Riggs Place) and I do not agree on the issues for good reason. I live directly across from the subject property. She lives 3/4 of a block away. Is there not a provision that makes me an automatic Party too, if I live less than 200 feet from subject property?

Again, Mr. Chairman and members of the board, for good cause please reconsider your decision.
