RE: Case No 16836

Greetings:

I attach a petition signed by almost all residents of the 3700 block of Veazey Street, NW, which is two blocks from the Washington Home. We the residents respectfully ask that the BZA **NOT** approve Application 16836 by the Washington Home to enlarge their parking lot by 98 spaces. This is a residential neighborhood that we have chosen to live in. We trust that you will consider all of the residents of this neighborhood and help us preserve the lovely area that it is.

While none of us take exception to the addition of 4 beds to the hospice facility, more than doubling the parking area will have a very detrimental effect on the entire neighborhood. The loss of beautiful green space, destruction of at least 50 mature trees, increased storm water run-off, added heat from the paved surface and added pollution from thousands of car trips into and out of the Home per month is unacceptable and the prospect is an outrage.

The Washington Home has not demonstrated any need for these additional parking spaces, nor has it encouraged or facilitated its staff to use public transportation – two bus routes are within one block of the Washington Home and two METRO stops are within easy walking distance.

Thank you for your consideration of this request. We are grateful for your assistance.

Sincerely,

Barbara D. Dinsmore

Case # 16436

We, the undersigned residents of the 3700 block of Veazey Street, NW, **oppose the plans of the Washington Home** to add 98 parking spaces to their present lot which will result in the destruction of at least 30 trees, the loss of much adjacent green space and increased storm water run-off. SD
