RE: Application for Variance #16852

Dear Director Kress,

Your staff advised me today that St. Patrick's Episcopal Day School has filed the captioned application for a variance to the residential zoning designation for the lots at 4925 MacArthur Boulevard NW, Washington DC 20007. St. Patrick's proposes to school 60 students with a faculty of 12 at this site.

My family lives directly across Ashby Street from the site. I understand that District of Columbia zoning rules permit me to appear as a party in interest in the Board's deliberations on this application. I request permission to participate as a party in opposition to St. Patrick's application. The Board should reject the application as well as any request for expedited hearing. I look forward to the opportunity of apprising the Board of my reasons.

Please notify me of my rights in this matter, and especially of any meetings, hearings, teleconferences, discovery activities, depositions or any other formal or informal proceedings relating to this application. Please send to me copies of the application and all materials pertinent to it. Alert me to any requirements I must fulfill to participate in the relevant proceedings. I will visit with you or your staff soon to perfect my understanding of your procedures. Thank you for your courtesies.

Sincerely,

BZA
