March 7, 2002

Dear Director Kress:

· Regarding Application Number 16852, we wish to request to appear and participate as a party in the hearing scheduled for April 16, 2002 with regards to the Application of St. Patrick's Episcopal Day School for a special exception for use of the property at 4925 MacArthur Boulevard, NW, Washington DC.

· We will appear as an opponent of the application.

· We will represent ourselves.

· We request status to speak at the hearing because we will be directly affected by the action requested by St. Patrick's of the Board since our property is immediately adjacent to 4925 MacArthur Boulevard. It is our view that the presence of a school for 60 children plus faculty and staff five days a week for eleven months of the year will adversely affect the already bad traffic congestion in our neighborhood and introduce an unacceptable level of noise and environmental pollution. This is a residential area and should remain so.

Sincerely,

Cathy Wright

Cathy Wright
