Dear Mrs. Bradley

It is Saturday September 6th and early this morning about 8 o'clock, we were rudely awakened by the sound of the Saint Patrick's construction team with its associated trucks and concrete mixers revving 50 feet from our doorway at your construction site.

This is an unconscionable intrusion into the neighborhood. Even the BZA Order recognized the need of the neighbors to have relief from the school by limiting the occupancy to Monday through Friday.

I further note that the letter from Judy Barr dated September 5th made no mention of any such weekend activities. This lack of previous warning is either incompetent or deliberately misleading.

Given the already strained relationship this school has with the neighborhood, I really think you need to do better in the future.

Sincerely

Katherine Van Sickle DeMallie
