Re: St. Patrick's/ 4925 MacArthur Blvd.

Last week (Feb. 6) I received a memo directed to ANC 3D tucked inside my Northwest Current paper. The memo purported to represent the opinions of the immediate neighbors to 4925 MacArthur Blvd. Being an immediate neighbor to the proposed middle school plan I can say that the memo in no way represented the opinions of myself, my family nor many of the immediate neighbors to 4925 MacArthur who would like to see St. Patricks establish a middle school at the site. The memo itself was subversively delivered and is rife with untruths; the most egregious is that it represents the opinions of the neighborhood. The only thing that it represents is the opinions of an individual who had neither the courtesy nor the fortitude to sign their name to the document. When representing our neighborhood on this issue please bear in mind the most rational arguments not the loudest. Thank you.
