Re: Application # 15476

Sirs:

I am writing in support of the application for a variance for David and Barbara Scheuer for their proposed residence at 315 East Capitol Street, S.E.

I have reviewed the plans for this building which were prepared by Weinstein Associates, Architects. As an architect, I believe this proposal is a sensible and creative solution to the design problems posed by the narrow lot width (16'). I also believe that the exterior design is sensitive to the neighborhood fabric and will complement the existing buildings on East Capitol Street.

Additionally, as a longtime neighbor to this vacant lot, I would urge you to support their proposal. A building of this merit would be a very positive improvement to our neighborhood.

Sincerely,

Roy Mason
