RE. Bd. of Zoning Adj Case #16855
(1610-45th St. N.W.) Connie Kerwin
in opposition to expansion of Rock Creek
International School

I oppose Expansion of a school encroaching and using D.C. property. As a home owner, 32 year – two houses away, I have supported and been part of Hardey school and play groend for 32 years.

I resent having our play-groend used and abused by non D.C. Citizens –

The EASTER before last – after

one big family dinner I went
to Hardy playground with my five
young Grandchildren. It was that
period when all the equipment
had been removed from the play
ground.
up beside Hardley School was
a small, fence enclosed, playground
So I took the grand children up there
to play. a Son in Law soon joined us.
Suddenly the principle of Rock Creek
International School stormed out of
the school asked me if I could read (sign
said for school only) and ordered us off the
property (in front of the children). NOT
good for neighbor - CONNIE KERWIN - 1610 - 45TH ST. N.W.
