May 28, 2002

To whom it may concern:

I have reviewed the plans for 420 M street. I feel the new project is long overdue. The existing house is and has been an eye sore on our street for too long. I am in support of any project that repairs abandon houses and thus improve the neighborhood's appearance. I support the new building and the rehabilition of the existing house and carriage house.

Sincerely,

Lydia Goring ANC 2C04
