Re: La Clinica del Pueblo

Dear Mr. Kress:

On behalf of La Clinica del Pueblo (the "Applicant"), please find enclosed a completed application (the "Application") to the Board of Zoning Adjustment ("BZA") requesting a parking variance for Applicant's property at 2831 15th Street, N.W. (the "Property"). Please note that this Application is identical in purpose to the Application submitted July 8, 1999 (Application No. 16500) that was approved by the BZA on November 3, 1999 as evidenced by that certain Summary Order dated December 7, 1999. The variance expired on December 7, 2001.

The Applicant now submits for consideration the completed Application which includes the following:

1. Application to the BZA.

2. Attachment A, a copy of a plat showing the boundaries and dimensions of the existing building as certified by the D.C. Office of the Surveyor;

3. Attachment B, a detailed statement of existing and intended use;

4. Attachment C, five photographs of the subject property;

Board of Zoning Adjustment
District of Columbia
CASE NO.16864
EXHIBIT NO.7

5. Attachment D, the names and mailing addresses of the owners of all property within 200 feet in all directions from all boundaries of the subject property, together with mailing labels for the owners;

6. Attachment E is omitted, because there is no person who has a lease with the owner for any part of the property;

7. Attachment F, documentation showing the last authorized use;

8. Attachment G, a Zoning Self-Certification Form certifying that zoning relief is required from the BZA;

9. Filing fee in the amount of $800.00; and

10. Letter authorizing Thomas A. Wilson or Eric Von Salzen to act on behalf of Applicant.

I would appreciate your assistance in expediting this matter at your earliest convenience. In the meantime, please contact me at the number above if you have any questions.

Very truly yours,

Thomas A. Wilson
