Re: Variance Application for 330 8th Street, SE

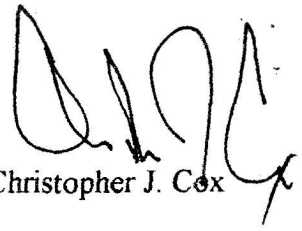

To Whom it May Concern:

I am writing in support of the application for variances from zoning regulations for the proposed construction project at 330 8th Street, SE, Washington, DC. I live at the house immediately adjacent to the north of 330 8th Street, SE with my wife. We have lived in this house for approximately 2 years. Last summer, Mr. Sweeney and I worked cooperatively to obtain the necessary permit and replace the fence separating our two properties in the rear.

I have reviewed the plans prepared by Mr. Sweeney's architect for the construction project to repair termite damage, replace the kitchen, and add a second story above the kitchen. I believe those plans are reasonable. My property is the one that would be most effected by Mr. Sweeney's proposed project. The project will not impair my light, air, or views. Though the kitchen structure currently only has one floor, I agree that Mr. Sweeney's plans for the second floor will improve the neighborhood.

Thank you for you time and attention. I fully support Mr. Sweeney's zoning variance application and believe that it will result in a positive addition to the Capitol Hill community.

Sincerely,

Christopher J. Cox

Mr. Stephen Sweeney
Ms. Amanda Slater
330 Eighth St., SE
Washington, DC 20003

Dear Folks:

My wife, Corinne, and I are happy to support your request for a variance on your property at 330 Eighth Street, SE. We have owned three homes at one time or another since the early 1970's within the same block of your home, so we are well acquainted with the neighborhood. We think your request is a very reasonable one to not only combat your current problem of termite infestation, but also to improve and upgrade the property as a single-home occupant. As a matter of fact, I also think it very appropriate to eliminate if possible that useless little alleyway between your property and the adjoining property, provided you honor the current building code.

You have our full support, and we look upon your request as an improvement and enhancement of our city block.

Sincerely,

Bob Michel

To whom it may concern:

I am completely in support of my neighbors at 330 8th Street SE in their attempt to gain a Zoning Variance, in order to build an addition on the back of their house.

I have looked at the construction drawings, and agree that the addition will be a great improvement upon the termite-infested existing back rooms.

Yours sincerely,

Wendy Blair
Owner, 316 8th Street SE

To the ANC Zoning Committee:

I live at 807 C Street SE, around the corner and in the same block as the property at 330 8th Street SE. I would like to voice my support of the variance application submitted by Stephen Sweeney and Amanda Slater regarding the property at 330 8th Street SE. I believe it will not detract but enhance the property and the block.

RE: BZA # 16886; Stephen J. Sweeney,
330 8th Street, SE

Dear Board Members,

At its regularly scheduled and properly noticed meeting on May 14, 2002, with eight Commissioners present (seven being a quorum), ANC 6B voted 6-1-1 in support of this project.

The owners have done an outstanding job in the design and communication of that design to their neighbors. ANC 6B takes pleasure in recognizing and supporting Mr. Sweeney's efforts.

Commissioners Julie Olson and Mary Wright are authorized to represent this matter before you on behalf of ANC 6B. Should you require further information regarding this, or any matter pertaining to ANC 6 B, please call 202/543-3344.

Yours truly,

Kenan P. Jarboe
Chair
