JACQUELINE F. BANKS - DIRECTOR

We have designed our Before and After Care Program to meet the needs of school age children. Some children come early morning because their parents have to travel to places of employment.

The early arrivals may nap, watch television, review homework, read or play quiet games. From 8:00 - 8:30 A.M., breakfast is served family style; that is to say that, all children and staff sit together, have prayer and eat. Since this is a Christian care center, we also stress Christian values and moral discipline.

At 8:30, the children are walked to school just across the street. From time-to-time we have had to keep a child who became ill after leaving home. The parent is able to reclaim the child from the center as quickly as possible. After school, the children are picked up and brought back to the Center. The children's coats and books are stored in their cubbies and are then given an afternoon snack. After snack time, a teacher and the aids assist with homework. The children work in-groups and are given help with directions and whatever ""how to"" information that's needed. After homework, the children are encouraged to do several things with supervision. Some activities include watching a child oriented video, cartoons, read a book, play supervised games, sit and talk with friends and or go outside to play, as the weather permits.

Our summer camp begins immediately after school closes for the same children. Some of their activities include swim lessons, golf lessons, skating lessons, tour the city and some surrounding areas, review math and reading skills, some craft activities , new skill games and Bible challenge games that are played on the lawn.

Between 4:30 – 6:00, the children began leaving for home, most parents pick up the children and some walk home. Those children who remain,
are free to choose an activity.
