RE: Application No. 16890, Washington International School

Dear Mr. Chair and Members of the Board:

On June 4, 2002, ANC 2E held its regularly scheduled meeting, which was properly noticed and at which five commissioners were present, constituting a quorum. At this meeting, the above-referenced application was discussed.

Representatives of the applicant stated at the meeting that the original BZA application filed by the school had been erroneous and did not reflect the current operation of the school. They said the school did not anticipate increasing its faculty and staff levels as a result of the application. The representatives further stated that a parking and traffic analysis had been performed that showed that the current parking lot, with 54 marked spaces, provides adequate parking for faculty and staff; in fact, because of scheduling and commuting practices, there are at least seven excess spaces in the lot at all times.

Following the discussion, ANC 2E unanimously approved the following motion:

> ANC 2E supports the Washington International School proposal to allow an increase in the allowed staff at their campus at 1690 36th Street, NW, so long as the number of faculty who drive and park at the site would not exceed forty-seven at any given time.

Thank you for your consideration.

Sincerely,

Peter Pulsifer

Peter Pulsifer
Chair, ANC 2E
