Dear Mr. Griffis:

We the officers and advisory members of the Park Naylor Community Association are in support of the proposed Randle Highlands Manor Assisted Living Facility development project to be located at 2700 R Street, S.E. We believe that the project will meet the need for quality, affordable housing for senior residents in the District of Columbia who are in need of assisted living facilities. We also recognize the importance of having such facilities available in the District to allow senior citizens to remain near their life-long homes, family and friends in the city so that they may enjoy a better quality life in the comfort of familiar surroundings in their golden years.

Sincerely,

James H. Hewins, II
President
