Dear Chairman Griffis:

I have been provided with some information regarding the Randle Highlands Manor Assisted Living Facility development project to be located at 2700 R Street, Southeast. The stated aim of the project is to provide affordable housing for senior residents in the District of Columbia who are in need of assisted living facilities. It is important that the District have such facilities so that senior citizens can remain near their family and friends in Washington and so that they may enjoy a high quality of life in the comfort of familiar surroundings in their retirement years.

Additionally, the project would provide employment opportunities for District of Columbia residents. I have been advised that there is no any community or neighborhood opposition to the project. Accordingly, given the benefits that the project holds for Washington residents, I support the concept behind the development of the Randle Manor Living Facility.

Sincerely,

Harold Brazil
