DOUGLAS KNOLL
APARTMENTS

From the Residents of Douglas Knoll:

We would like to ask for your help and support in having a Daycare Center built here at Douglas Knoll. Having the Center built would offer our community the convenience of having a familiar environment for our children. This Center would also bring job opportunities to our community since it will be governed and operated by the residents of Douglas Knoll. This program will also offer educational studies, before and after school care and off-site activities (i.e. field trips). The Daycare Center would be located adjacent to the Computer Lab, which will be available to the childcare facility as well as having evening classes for adult training. This is just the beginning of an enriched fundamental educational program for our children. So from us here, at Douglas Knoll, to you The DC Zoning Committee, we are asking for your support in getting the help and the facilities needed in our community.

Thank you in advance for you help and understanding that a childcare facility is needed here at Douglas Knoll.

Sincerely,

Name: Robert E Flood Sr.
