ADVISORY NEIGHBORHOOD COMMISSION 8 B

Commissioner Constance C. Thomas 8B04
3042 Stanton Road S. E. #302
Washington, D. C. 20020-7883
202-889-5651

June 23, 2005

To: Board of Zoning
D. C. Government
Washington, D. C.

Subject: Douglas Knoll Child Development Center

To Whom It May Concern:

It has come to my attention that one of the properties in my community is seeking to open up a day care. We are a community of many children and we are always in need of more childcare. There are other places nearby in the neighborhood that care for children, but they are not close to this community. I am very supportive of this venture. I hope when the hearing comes that the community will be able to serve their neighbors more effectively with the day care.

I apologize for not responding sooner. I am the Counselor at a neighborhood elementary school. My time is consumed very easily. However, I will be more careful with my information in the future. I hope this letter is all that you need and if you need more, please call me.

Good Luck in this new phase of education in our community.

Sincerely,

Commissioner Constance C. Thomas
