To: The Board of Zoning Adjustment

I own two apartments at the Chase Plaza Condominium since 1980, also I have been working for the Chase Plaza Condominium Association for twenty years, during this time, I have never heard any complaints from residents in the building or neighbors regarding parking availability or any other matter concerning the Chase Plaza Dental Clinic.

Dr. Robinson has made it easy for a lot of people in the Chevy Chase area, especially elderly people, to have easy access to dental care . I hope the Chase Plaza Dental Clinic will remain at the present address for many years.

D.C. BOARD OF ZONING
