D.C. Board of Zoning Adjustment
Advisory Neighborhood Commission - 3G
Washington, D.C.

This letter is written in support of a request to the BZA by Dr. Richard Robinson for a parking variance at 5406 Connecticut Ave. N.W., District of Columbia.

Dr. Robinson has been our dentist for many years and we are delighted that his office is located in our neighborhood. We are long-time District residents and have been in our present home for some 45 years. In the years we have known Dr. Robinson we have found him to be an excellent neighbor, a person of high character and outstanding in his field.

We urge our ANC to support Dr. Robinson's request and, indeed, we very much hope that the BZA will also decide in his favor in this matter.

Thank you.

Sincerely,
Henry A. Ozga
