GOVERNMENT OF THE DISTRICT OF COLUMBIA
OFFICE OF PLANNING

Office of the Director

MEMORANDUM

TO: Kenneth G. Laden
Associate Director for Transportation

FROM: JLS for
Ellen McCarthy, Deputy Director
Development Review

DATE: September 25, 2002

SUBJECT: BZA Application No. 16915 – Application 16915 - Child Development Center Located at 2828 Hurst Terrace, NW, Lot 12, Square 1420

At the September 24, 2002 Public Hearing of the Board of Zoning Adjustment (BZA) for the above referenced application, there was extensive debate about the impact of increased traffic on Hurst Terrace and traffic congestion in the area of the child care center, as a result of parents driving their children to and from the center. The Board requested the Office of Planning to contact the District Division of Transportation (DDOT) to obtain the following information:

- The applicant was advised by Lieutenant Patrick Burke, District of Columbia Traffic Coordinator, to place orange cones in the front of the subject property, during pick-up/drop-off times, in order to minimize disruption and congestion to traffic flow on Hurst Terrace. Drop-off is between 8:30AM to 9:30 PM and pick-up is from 11:30AM to 12:30PM.

Were the cones, in this instance considered and approved by DDOT?

- Would DDOT be inclined to officially posting the referenced area as a "No Parking Zone" during drop-off and pick-up times?

I would appreciate your providing OP with the requested information by October 8, 2002. OP will then send your responses to all parties to the application (applicant, ANC, and an opponent group) by October 15, 2002. Afterward, the parties have until October 29 to send responses to the Board. The Board will hold a special hearing on November 12, 2002 to continue its hearing on this matter.

If you have any questions, please contact John Moore (442-8804) lead staff on BZA Case No. 16915.
