Re: BZA Application No. 16915
Barbara S. Allan – 2828 Hurst Terrace, NW

Dear Mr. Chairman:

We join many other citizens in supporting Barbara Allan's application to continue operating her child development center at 2828 Hurst Terrace.

Barbara Allan is a longtime resident of the Palisades who has successfully operated a top-flight pre-school program for the past 18 years. Our two daughters attended her program and we know how well they were prepared for elementary school.

The traffic problems on Hurst Terrace are temporary as the Key School is going through a major renovation that will ultimately add off street parking for their staff members. Barbara has a rigid carpool system that works very well and moves along in an orderly and fast manner. We cannot understand how anyone could complain about it.

Thanks to an improved quality of life in the District, people are moving to Washington and the demand for solid pre-school education will only increase. Barbara Allan has an excellent reputation and many of her neighbors sent their children to her school.

Please renew this important application. Kindest regards.

Sincerely,

Grace and Jimmy Broughton

BZA
