RE: BZA Application 16915

I have been a DC resident for the past three years. I strongly recognize the need for educational opportunities for young children in the Palisades and DC neighborhoods. Therefore, I write in support of Barbara Allans application to continue operation of her child development center at 2828 Hurst Terrace.

I have been extremely saddened over the past few years with neighbors who have retired and don't see the need for the school.

In these tragic times, we need to nurture and protect our precious children and make sure they have a safe and nearby environment to attend school. Barbara Allen's child development center has proven an invaluable service to our community for 18 years and should be allowed to continue to do so. Her application allows for the institution's transfer to Christine Lonegran. I fully support both Barbara Allen and Christine Lonegran and urge you to continue the special exception for many years to come.

Sincerely,
Julie + Tony DeVol
