Re: BZA Application 16916

Dear Ms. Kress:

This responds to your reference dated June 25, 2002, requesting review of this application in the light of its location in the Capitol Interest District, 11 DCMR, Section 2002.5 et seg.

The request of this applicant to construct an addition to enlarge the existing non-profit office space, would create no adverse effect on the Capitol Complex or the Master Plan referred to in 11 DCMR 1201.1, or the other special objectives for which the Capitol Interest District was enacted.

Sincerely,

Alan M. Hantman, FAIA
Architect of the Capitol
