Re: Application Number 16919

Gentlemen:

This letter is to request an exemption and/or special consideration to the requirement in your correspondence to me dated July 31, 2002 in which I was compelled to request party status fourteen days prior to the date set for public hearing. The following represents the reason for this request:

On August 20, 2002, my grandson, Benjamin David Brown, who was also a resident in my home, died suddenly while in custody at the D.C. jail. His death was subsequently ruled a homocide. I have been overwhelmed with this situation, enduring visits from detectives, making trips to the medical examiner's office and providing all the paperwork required of such an experience. At my age, I just can't move as quickly as I used to or need to. Prior to Benjamin's death, I was totally occupied in his surgery. Now I'm forced to deal with a developer building an apartment building immediately next door to my home.

I'm trying to cope with all the changes that are happening to me all of a sudden. Therefore, I am requesting that you accept this letter of objection to building the apartment building next to my home.

Sincerely,

June C. McCloud
