Board of Zoning Adjustment
941 North Capitol Street N.E.
Suite 2000
Washington D.C. 20002

To Whom It May Concern:

I Jerry Lewis Brown and my wife Clysree Terrell Brown have owned the property known as Square 5545, Lot 0011, which is adjacent to Square 5545, Lot 0003, since May 20, 1971.

We are the property owners who will be directly affected by the granting of the minimum lot dimension and side yard (2 feet 17 inches) exceptions. We have no objections to the proposed use of Square 5545, Lot 0003 and are looking forward to our daughter to be readily available to take care of us in our golden years.

My wife and I purchased Square 5545, Lot 0003 on October 3, 1972 with the dream of bequeathing to one of our four (4) children, the ability to build a single-family dwelling on the most famous and prestigious street address in the USA, the street address of President of the USA, Pennsylvania Avenue.

On May 22, 2001, we bequeathed Square 5545, Lot 0003 to our daughter, Miranda R. Brown, under the condition that the land would revert to us, if our daughter were unable to build a single-family barrier free dwelling on the property.

If the action requested by our daughter, of the Zoning Board, is denied it will have an adverse economical affect on us because my wife and I are both retired senior citizens with physical disabilities on a fixed income. We cannot afford, due to our age, physical disabilities, and limited income, to continue to pay property taxes or preserve and maintain land that cannot be improved.

Sincerely,

Jerry Lewis Brown
