Dear Chairman Griffis:

The National Association of REALTORS (NAR) has an exciting new building planned for 500 New Jersey Avenue, NW. NAR is a trade association of 850,000 REALTORS and they are in support of this move and have given their Board of Directors full support in the planning. The building will bring new business to Capitol Hill and it will be one of the most environmentally green buildings in the city.

In the wake of September 11 it is great to see an association that wants to stay in the city and not move to the suburbs. Hopefully, this move will encourage other business to remain in the city.

Please favorably consider their new concept at your upcoming meeting.

Sincerely,

Jane Saunders
