Chairman Geoffrey Griffis
District of Columbia Board of Zoning and Adjustment
441 4th Street, N.W., Suite 210 South
Washington, DC 20001

Dear Chairman Griffis:

As a resident of Capitol Hill for almost 20 years, I want to express my strong support for the design of the new building at 500 New Jersey Avenue, NW to be built by the National Association of Realtors. This construction and design will provide a world-class structure to the neighborhood and serve to help clean up an area known for litter, crime and derelicts.

I have seen renderings of the Realtors' design for this building and feel it makes a bold statement that improves on the existing surrounding structures. Its reflective glass façade will provide views similar to ones I have admired in recent projects constructed in other parts of the city and help to bring our section of the city's architecture into the 21st Century.

I am pleased with the environmental and aesthetic care that has been shown in the design of this building and request that you give it every consideration as you continue to review the Realtors' application for construction and zoning permits.

Thank you for your consideration. I hope the zoning process can be completed quickly so that construction can begin as soon as possible.

With kind regards,

Sincerely,

Edward C. Miller
