Ms. Jerrily Kress
Director of Office Zoning
B.Z. A.
41 4th Street NW
Room 210 South
Washington DC 20001

Dear Ms. Kress,

Advisory Neighborhood Commission (ANC) 3-E respectfully requests that the Zoning Commission support the attached resolution regarding Georgetown Day School application for a special exception (BZA Application No. 16944. ANC 3E approved this resolution at a properly noticed meeting on November 14, 2002. Commissioners Jill Diskan, Chris McNamara, Frank Gordon, and Tad DiBiase were present. The resolution was approved by a vote a vote of 4-0.

Thank you for your consideration of the ANC's position. Please give our request "great weight" in your decision on this matter.

Sincerely,

Tad DiBiase
Commissioner, ANC 3-E

Resolution on Georgetown Day School Application for a special exception
BZA Application No. 16944

Whereas an application by Georgetown Day School ("the School") has been filed for a special exception to increase the number of students and faculty/staff permitted at its private high school located at 4200 Davenport Street, N.W.

Whereas Board of Zoning Adjustment Order No. 14278, dated September 4, 1985 limits the number of students to 410 and the number of faculty to 60.

Whereas the School requests that the allowable student enrollment be increased to 465 and that the allowable number of faculty be increased to 95.

Whereas the School currently has 450 students, 85 faculty and staff, and 98 parking spaces on the High School site.

Whereas the School understands that ANC support for this special exception is conditional on the School's continued enforcement of parking regulations for GDS students which include the following:

a) All GDS students of driving age must report to the school their method of transportation to the High School. All GDS students who are planning to drive a vehicle to the High School must register their vehicle with the School and indicate where the vehicle will be parked. Those who are not provided with a parking place on site must lease an off-street parking space. The School will lease parking in a commercial lot, which it will make available for students who need to drive to the vacinity of the school.

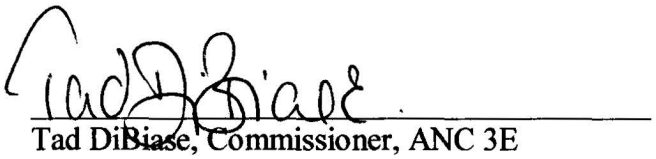

b) GDS students are prohibited from parking on streets surrounding the High School campus. The school will continue to employ security personnel to patrol the residential streets surrounding the campus to ensure compliance with this order.

c) Any student found violating the parking regulations will be issued a warning for the first violation, will be levied escalating fines for a second and third violation, and be subject to disciplinary action up to suspension and/or expulsion for subsequent violations.

d) The School will continue to encourage, as the primary method of getting to the High School, car-pooling, use of Metro transportation, and walking.

e) A representative from the School will appear before the ANC at the May 2003 meeting to review issues regarding student parking and any other issues on the neighborhood.

ANC 3E approved this resolution by a vote of 4-0 at a duly noticed monthly meeting on November 14, 2002. Commissioners present were Jill Diskan, Tad DiBiase, Chris McNamara and Frank Gordon.

Tad DiBiase, Commissioner, ANC 3E
