Re: BZA Application No. ~~16744,~~ Georgetown Day School

Dear Chairperson Griffis and Members of the Board:

Pursuant to the Board of Zoning Adjustment ("**Board**") Order in Application No. 16944 of the Georgetown Day School ("**School**"), which approved a special exception to allow the School to increase the student enrollment from 410 to 465 and to increase the number of faculty/staff from 60 to 95 at Georgetown Day High School at 4200 Davenport Street, N.W., the Board directed the School to file a report (Condition No. 5 of the Order) to provide the Board and the Zoning Administrator documentary evidence to demonstrate that it is in compliance with the population caps and other conditions of the Order. This report is required also to be served on the Advisory Neighborhood Commission which will have an opportunity to respond to the School's submission. Enclosed please find the required report. If there are any questions or comments, kindly have your staff contact the undersigned.

Sincerely,

Phil Feola

Re: Zoning Order #16944 of Georgetown Day High School

Dear Members of the Board:

In compliance with the summary order for our application No. 16944 to increase our student enrollment cap and increase the number of faculty and staff at our High School facility located at 4200 Davenport Street NW Washington 20016, the School has taken the following measures as outlined in the conditions –

1. STUDENT ENROLLMENT: The student enrollment at the High School for the school year 2003-04 is 455, well under the approved cap of 465 as established in the order. (Student Directory enclosed as verification).

2. FACULTY AND STAFF: The full time High School faculty/staff population is 79 (see attached) with an additional 6 who travel between the two school facilities including the Head of School, Assistant Head of School, Director of Studies, Diversity Administrative Support, Head of Security and Chief Financial Officer. This is also well under the approved cap of 95.

3. TRAFFIC MANAGEMENT AND NEIGHBORHOOD RELATIONS: On September 11, 2003, Peter M. Branch, Head of School, met with the ANC3E to discuss the traffic management plan. He told the ANC that a letter went home during the summer to all parents of students who either were of driving age or who would become eligible to drive in 2003-03 year describing the plan and the need for students to comply. (A copy of a letter is enclosed). Mr. Branch also emphasized that the School continues to rent spaces offsite and subsidizes the cost to students, encourage the use of metro options by subsidizing the cost for non-

DC students who attend the School, and provide onsite parking to those who carpool or who have extraordinary circumstances that require close parking. Students are required to submit their driving intentions to the Dean of Students (who works with the Principal to assign the onsite spaces) and he provides the make, model and license numbers of all students who are driving to school to the security guards who patrol the neighborhood. We have four security guards stationed in the neighborhood as well as the Head of Security moving throughout the neighborhood and two onsite guards to ensure that the traffic management plan is followed. In addition, enclosed is a copy of the "ticket" given out to the students who are in violation.

We believe that these steps meet the conditions of our zoning order. In the event you have any additional questions, please feel free to give me a call. I can be reached at 202-295-6100 or klindsey@gds.org.

Sincerely,

Kate Curtin Lindsey
Chief Financial Officer

Dear GDS High School Parents and Students:

I hope you have had a happy and productive school year. In preparation for 2003-04, I am writing to review driving and parking arrangements for GDS students.

As you know GDS operates under a zoning agreement that has been in effect since the High School building opened in 1987. According to the terms of that agreement, GDS students are not allowed to park in the neighborhood around the School. The specific provision states that "students shall be prohibited from parking on neighborhood streets." This provision applies to all students, including DC residents with zone 3 residential parking stickers.

GDS entered into this agreement in good faith and must abide but it as a condition for operating the High School. Until this just concluded school year, however, there had been a gradual proliferation of GDS student parking on neighborhood streets, making the parking issue a focal point of neighborhood concern and calling into question the School's credibility to keep its word. To resolve this problem we needed and still need the support of GDS High School parents and students.

At a meeting of the Tenleytown Advisory Neighborhood Commission last year, I pledged that GDS would take the steps listed below to be a good neighbor and comply with zoning regulations about student parking. I am pleased to report that, as a result of our collective efforts, the problem of student parking in the neighborhood of GDS was eliminated. We will be continuing these procedures for 2003-04.

1. **Parents of all juniors and seniors must fill out the accompanying transportation form, which indicates the mode of student transportation to GDS.** Parents of a student who is planning to drive to school must include the license plate number and indicate where the vehicle will be parked (see parking options below). GDS personnel will routinely patrol surrounding neighborhood streets to assure that no students are parking in violation of the zoning agreement. A violation will result in a warning, followed by a $50 fine, followed by a $100 fine, followed by disciplinary consequences up to and including suspension.

2. Recognizing that some of our students need to drive to school, GDS will continue to make a limited number of spaces available for student parking on the school lot. Only GDS 11th and 12th graders may apply for these spaces, which will be allocated at no cost based on number of passengers, distance traveled, accessibility to public transportation, and after-school commitments. Students wishing to apply should fill out and submit the accompanying form by August 1, 2003. In addition, the School leases and subsidizes the

cost of a block of spaces at the Hecht's lots at Friendship Heights (approximately .5 mile from GDS). These spaces are available to GDS 11th and 12th graders for a monthly fee of $50. The School provides a morning shuttle from the lot to the High School, and, depending on the after-school activities of the students who park on the lot, a late afternoon/evening shuttle as well. Parents may arrange to lease one of these spaces by submitting the attached form.

3. GDS offers reduced-fare Metro cards to non-DC residents to encourage more students to take public transitions (DC residents already have such reduced-fare cards).

We appreciate the full and busy schedules of today's GDS High School students and understand that adhering to these parking restrictions may be an inconvenience for some. We must emphasize, however, that GDS entered into an agreement with our neighbors that we are morally and legally obliged to fulfill. To do so is vital to the future of our School.

I am counting on your help and support in this effort. Enjoy your summer.

Sincerely,

Peter M. Branch
Head of School
