To Whom It May Concern:

It's my understanding that Spanish Education Development Center (SED) is seeking program operations expansion. They have been a community-based organization committed to the immigrant and non-immigrant low-income residents of the District since 1971. I would like to acknowledge the SED Center's contribution to the adult education of our community. SED provides English as a Second Language classes, GED preparation, and computer training to hundreds of DC residents every year.

The Office on Latino Affairs (OLA), as part of the Executive Office of the Mayor, works with the Administration, the Council, District Government agencies as well as private, community-based organizations and businesses to ensure that "*a full range of health, education, employment and social services*" are available to all DC Latino residents. OLA has worked in collaboration with SED Center for many years in the areas of education, training, and employment to address the deficit of social services within our region of the city, and provided culturally-competent assistance to members of the DC Latino community.

Most recently, the SED Center has been awarded three consecutive grants from our office to provide ESL and computer training to the Latino population that we serve. In each of these grants, SED has proven to be a serious organization and has always met and surpassed the goals and outcomes set forth in their grant agreements.

In its 32 years of operation, SED has set an example for other similar organizations. With limited resources and dedicated professional staff, SED has been able to provide outstanding services to the low-income immigrant and non-immigrant community of Washington, D.C.

Sincerely,

Alejandro E. Saavedra

To Whom It May Concern:

The Office of Early Childhood Development located in the Department of Human Services (DHS) is pleased to support the Spanish Education Development Center (SED) as it seeks to expand its program operation. They have been a part of DHS Child Care Subsidy Program since 1971. We acknowledge the SED Center's contribution to quality child care in the District of Columbia for the past thirty-two years. SED provides multicultural preschool program for children ages 2 ½ through 4 years old. The program also provides reading readiness in both Spanish and English.

Starting in 1971, SED was the first bilingual parent cooperative child care facility in the District of Columbia. In August 1991, SED's bilingual preschool was awarded national accreditation from the National Academy for the Education of Young Children. SED was the first District of Columbia, Department of Human Services funded child care program to obtain this accreditation; it was also the first bilingual program and the ninth overall in the Washington, D.C. Metropolitan area.

In 1998, SED became a certified Head Start partner providing services to children who are dually eligible for Head Start and Child Care Subsidy Services.

In its 32 years of operation, SED has provided quality child care services to hundreds of preschool-age children from low income families of the District of Columbia to help them excel in the elementary and secondary school system. SED has set an example for other similar organizations. With limited resources and dedicated professional staff, SED has been able to provide outstanding services to the low-income immigrant community of Washington, D.C.

I came to this state in the year 1990.
I decided to go to the school & Center.
to learn English because in this country
it is nessesary to speak English.
The school & Center offers us a program.
that teaches English to all the students
an there is a other program that teaches
how to use computers. The Center a good-
teachers. We decided that we dont want this
program to finish because in this Country
everybody needs to talk in English. It is hard

Srs: SEC Center. Por este medio hago saber lo importante q' es este programa para nosotros los hispanos en este país y como es sabido de todos q' no siempre se nos da acceso a esta oportunidad y q' difícil sera para nosotros q' nos quitaran esta oportunidad ya q' no tendriamos mucho futuro para aprender y así poder superarnos, pido q' aprueben programas como este q' es tan necesario para un mejor futuro

sinceramente

" TOY MUY PREOCUPADO POR LA AMENAZA de Cierre de este CENTRO de ESTUDIO. Debido a que si ESTO Sucede muchas personas perderan la oportunidad de Aprender las enseñanzas que TAN profesionalmente este Centro imparte; de igual manera se le ESTARÍA cerrando las puertas del desarrollo a cientos de personas que TANTO lo NECESITAMOS.. Por lo TANTO NOS Solidarizamos para evitar el cierre de ESTA INSTITUCIÓN.

Sinceramente.

Petition in Support of the SED Center

The SED Center, operating at 1840 Kalorama Road, NW, is among the oldest and most prestigious Latino community-based organizations in the District of Columbia. SED became the first accredited bilingual pre-school program in Greater Washington. Over the years, SED has increased its educational programs to include at-home family literacy instruction, English classes for adults, and cross cultural training for non-Hispanics. Today, SED plays an important role in the Washington community by helping future citizens develop the skills to be able to participate fully in American society.

As residents of the Kalorama Road neighborhood, we support the good work of the SED Center in providing quality childcare and evening adult language classes. Particularly, we support the continuation of adult classes at the SED Center, which have been taking place at 1840 Kalorama Road for the last twenty-eight years.
