Dear Ms. Kress,

I am writing in regard to Case Number 16955, the Spanish Education Development Center, Inc. I have lived in the neighborhood a few blocks from the SED Center for twelve years. Many of SED's staff members are customers at my restaurant which has been located one half block from the center for the past fourteen years.

These are very nice people who are doing important work in the neighborhood, helping their students improve their language skills in order to function better in our society. One of my long-time employees has taken courses and sends his grandchildren there. I think that they should be granted the small exceptions they ask for so they can continue to do their good work.

Sincerely,

Roberto Masserin
