Chairman
Board of Zoning Adjustment
441 4th Street, NW
Suite 210
Washington, DC 20001

Re: BZA Application No. 16962, 2304 First Street, NW

Dear Mr. Griffis and Members of the Board

As a resident of the immediate neighborhood, I am writing in support of relief requested in the above referenced BZA Application. I have lived in the neighborhood for 8 years. Mr. and Mrs. Aislee Smith should be allowed to rebuild their garage and add onto the rear of their house as stated in the application

The rear addition proposed by the Smiths: 1) will not affect the front historic portion of their home; 2) will not create any negative impacts, such as noise or traffic; 3) will add to the economic value of the surrounding neighborhood; 4) is similar to other residences in the neighborhood and 5) is necessary to accommodate the space needed for their growing family. The Smiths razed their garage when they discovered it was structurally unsound.[1]

I understand that this BZA Application also has the support of many other neighbors in the area immediately surrounding the 2300 block of First Street, N.W. Please add my letter of support to the record.

Sincerely,

Signature

Re: BZA Application No. 16962; 2304 First Street, N.W.

Dear Mr. Griffis and Members of the Board:

As a resident of the immediate neighborhood, I am writing in support of relief requested in the above-referenced BZA Application. I have lived in the neighborhood for 16 years. Mr. and Mrs. Aislee Smith should be allowed to rebuild their garage and add onto the rear of their house as stated in the application. The Smiths have discussed their architectural plans with us and we welcome their efforts.

The rear addition proposed by the Smiths will not create any negative impacts, such as noise or traffic, and will add to the economic value of the surrounding neighborhood. The Smiths razed their garage when they discovered in was structurally unsound. The rear addition they are proposing is similar to other residences in the neighborhood. The addition will enable them to have the space they need for their growing family.

I understand that this BZA Application also has the support of many other neighbors in the area immediately surrounding the 3200 block of First Street, N.W. Please add my letter of support to the record.

Sincerely,

Harriet Crawford
