Case No. 16970
Exhibit No. 72

RECEIVED
D.C. OFFICE OF ZONING
JAN 21 PM 3:49

Please answer all of the following questions referencing why the above person should be granted party status.
(If you require additional space, please attach an additional sheet.)

1). How will the property owned or occupied by such person, or in which the person has an interest be affected by the action requested of the Board?
increased vehicular and pedestrian traffic
increased noise and commotion
increased air pollution and parking pressure

2). What legal interest does the person have in the property? (i.e. owner, tenant, trustee, or mortgagee)
owners

3). What is the distance between the person's property and the property that is the subject of the appeal or application before the Board? (Preferably no farther than 200ft.) approximately 30' - house is directly across from school

4). What are the environmental, economic or social impacts that are likely to affect the person and/or the person's property if the action requested of the Board is approved or denied? School has (2002) current total enrollment of 110. Existing traffic encumbers social movement in neighborhood. Expanded school enrollment will exacerbate problems set forth in #1 above.

5). Describe any other relevant matters that demonstrate how the person will likely be affected or aggrieved if the action requested of the Board is approved or denied. If action is denied, existing negative impacts of school on neighborhood are tolerable.

6). Explain how the person's interest will be more significantly, distinctively, or uniquely affected in character or kind by the proposed zoning action than that of other person's in the general public.

The impact of environmental pollution: noise, commotion, air pollution, and also parking pressure will be greater on us, as homeowners directly across the street from the school main entrance, than on others located further away.
