Dear Sir and/or Madam:

I am the leader of a business in the District and our family lives less than a block from Tudor Place, on 1644 Avon Pl NW.

I am writing in strong support of the application of Tudor Place to continue to its special exemption to operate as a museum. This status allows it to make a unique contribution to our neighborhood.

We have **never** had anything but positive experiences with Tudor Place, whether participating in activities there or merely observing that certain activities were taking place. Moreover, we find it hard to believe that there are some in our neighborhood, surely a tiny minority, who would like to restrict those incredibly positive activities.

We fear that such negative thinking, if allowed to succeed, could jeopardize the very existence of Tudor Place and bring about its demise as a museum and deal a negative blow to our lovely neighborhood.

Sincerely,

Anthony Moffett
