February 11, 2003

Friends and Neighbors of Tudor Place,

Thank you for you letter of February 8, 2003 informing me of the ANC's disappointing decision. I will be sending a letter to to the BZA with my objections to the ANC decision and the Tudor place application.

I would suggest that those interested in the activities at Tudor Place exchange email addresses to facilitate more timely discussion. We might even be able to set up a mailing list of people interested in seeing that Tudor Place does not exceed the terms of its license.
I have included my email address in the heading of this letter I would welcome email from anybody interested in this subject.
