Dear Sirs:

The Office of Zoning (OZ) has been advised by its Corporation Counsel that they received a copy of your Motion for Rehearing and Supplemental Memorandum in Opposition dated May 30, 2003, to the Board of Zoning Adjustment's (Board) motion to dismiss the above-cited appeal. Please be advised that pursuant to 11 DCMR § 3121.9, the OZ can't accept your motion at this time because the subject case is closed and the Board's final order has not been issued yet. Additionally, the motion must be accompanied by a certificate of service noting that all parties including the affected Advisory Neighborhood Commission have been served with the motion. The OZ will mail a copy of the Board's order in this matter to all the parties immediately upon its issuance.

If you have any questions relevant to the foregoing please call Richard S. Nero, Jr., Chief, Support Services and Quality Control on (202) 727-6311.
