RE: BZA Appeal No. 16995

On January 21, 2003, Richard Nero contacted Richard P. Schmitt, Esq. (Attorney for the Appellant) to request that the statement filed on January 17, 2003, in support of the above-cited appeal be supplemented with information specifically detailing how the proposed additions to the building do not comply with the height and floor area ratio requirements of the R-5-C District. The appellant responded by saying that he would supplement the filing with documentation including architectural drawings and an affidavit from an architect within a few days.
