Dear chairman Griffis,

We're writing to ask for your support of the Edmund Burke School's application to expand its facilities that is to be heard by the BZA tomorrow July 15th, 2003 - case # 17022.

Burke has made many changes over the past year regarding traffic flow and parking on Upton St.. Students and families now use subway, bus, or other points along Connecticut Ave. for drop off and pick up without even entering Upton St.

Burke is a valuable asset to D.C. with students and families using all of the surrounding businesses, restaurants, theatres etc. The school needs to renovate and modernize in order to sustain its quality education.

Edmund Burke provides more scholarships than any other school in the District of Columbia. With more families relying on private education, and demand for these schools increasing, urban private schools like Burke need to be able to renovate and modernize. Burke's plan is moderate, reasonable and responsible to the neighborhood. Burke has been a good neighbor in the community for over 30 years.

Please support Edmund Burke School's application #17022

Sincerely yours,

Sheila and Robert Timbers
