ZONING

Dear Chairman Griffis:

I am writing to ask your support of Edmund Burke School's application to expand its facilities that is to be heard by the BZA on July 15, 2003.

Burke has made many changes over the past year to be responsive to the concerns of the DDOT, the ANC and the school's neighbors. I believe that these changes have been effective in substantially reducing the amount of traffic near the school.

I am the parent of two Burke students. I drive them to school in the morning on my way to work in the District, dropping them off at one of the drop-off locations. In the afternoons, they typically use the metro to the station nearest our home. On the rare occasions that I have had to drive to the school, for example, when my daughter was on crutches, I noticed a dramatic reduction in the amount of traffic. Of course, I will continue to comply with the traffic management plan in the future.

Burke is an outstanding school. However, it needs to renovate and modernize its facilities. Burke's expansion plans are modest, reasonable and sensitive the concerns of the neighborhood.

Please support Edmund Burke School's application #17022.

Yours truly,

Angela J. Campbell
