July 10, 2003

Dear Mr. Griffis,

We are writing to ask your support of Edmond Burke School's application to expand its facilities which will be heard by the BZA on July 15, 2003.

Burke has worked very hard to make many changes over the past year to be responsive to the concerns of the DDOT, the ANC and the school's neighbors that resulted in the rejection of Burke's application last year by the BZA.

From our presenters, you will hear about our traffic plans, proven to reduce congestion in the area, and the new building and parking will alleviate traffic even more. You will also learn about our plans to reduce enrollment growth and our efforts to communicate and work with out neighbors.

Burke has been a valuable city institution for over 30 years. With thousands of families relying on private education and demand for these schools increasing, urban private schools like Burke need to be able to renovate and modernize in order to sustain quality educational services. Burke's expansion plans are modest, reasonable and responsive.

We would be grateful if you would support Edmond Burke School's application #17022.

Sincerely,

Whitney and Donna Foster

EXHIBIT NO. 112

July 10, 2003

Dear Chairman Griffis,

I am a student at the Edmund Burke School and am writing to ask your support for my school's application to expand its facilities that is to be heard by the BZA on July 15, 2003.

My school has worked so hard to correct any of the concerns of the school's neighbors. It has put program after program in place to get rid of the traffic problems and other issues that our neighbors were worried about. Besides most of the traffic and parking problems are caused by Howard Law School students, not Burke.

Burke is a great school, but it needs to be able to expand a little and have more modern facilities to better serve its students and faculty.

Please support Edmund Burke Scool's application #17022.

Thank you.

Amanda Foster
