Mr. Robert Vricella
2947 Upton St. N.W.
Washington, D.C. 20008

Dear Mr. Vricella:

Thank you for your letter of February 15, 2001, regarding the use of the Iranian property on Upton Street which is under the custody of the Department of State.

After our conversation, I called David Shapiro, principal at the Edmund Burke School, who confirmed that the school had used the property. I cautioned Mr. Shapiro that primarily for liability reasons the property should not be used for school activities. He assured me that he would inform all the teachers of the policy.

I hope this information is helpful.

Sincerely,

Lynne E. Miller
