Re: Case Number 17022, Edmond Burke School Expansion

Dear Sirs,

This is to oppose the Board's authorizing the proposed expansion of the Edmond Burke School. The reasons are numerous. Nearly every day I need to travel on Upton Street along the two block area south of Connecticut Ave., N.W. My need for access to Upton Street involves the route to my home when traveling south on Connecticut Ave., and also to see my doctor whose office is on Upton Street. While attempting to turn left onto Upton while heading south on Connecticut, I often find the intersection blocked by Burke School parents' or students' double-parked cars or by students walking down the center of the street instead of using the sidewalk. When I visit my doctor up the street I often end up having to walk nearly a half a mile because all of the streets in the area are filled with students' cars, whether the students are from Burke School or the Levine School of Music. The situation now is virtually impossible. To grant the Edmond Burke School permission to expand will aggravate the situation by converting an already existing noxious nuisance into an interminable nightmare.

Sincerely yours,

David P. Stang
