Dear Ms. Woolridge,

This is to acknowledge the Notice of Violation dated November 18, 2002 and a copy of your letter to William E. Timmons dated November 21, 2002 regarding allegations of code violations relating to my home at 2708 44th Street, NW. While you did call a couple of months ago alerting us of this possible action, we are still surprised that a new home that was built under permits granted by the District of Columbia with architectural plans that were filed by the builder with the District is now being sited for possible code violations.

The notice indicates a fifteen-day period to address these issues, but it will take more time to research the situation. I have requested a copy of your file information through a FOIA request and have also contacted the builder. The holidays are also likely to slow the process. Once we know more, we will be in contact with you with out thoughts on how to resolve the allegations.

Sincerely,

John McAdams

John A. McAdams
