Board of Zoning Adjustment
441 4th St. NW Suite 210 South
Washington, DC 20001

To Whom It May Concern,

I live very close to Medlink. I would like the board to revoke the new Certificate of Occupancy because it was issued without input from the BZA or community.

A neighbor of mine has recently moved away because he got so many tickets on his car. He works at the post office on the 4 to 12 shift and couldn't find a legal space to park his car after work. It is getting more difficult to find a parking space at any hour of the day.

Please don't allow Medlink to reduce the number of required spaces.

Medlink has a 176 parking space underground garage and I think your board should require Medlink to keep it open and run it to capacity. It has only gotten harder to park my car since 1991 when the BZA held hearings case# 17043 and required Medlink to provide 176 spaces.

Yours sincerely,
William Vogel
