To whom it may concern:

I write to express my concern with BZA case 17043, otherwise known as the MedLink case. As a neighbor of the property, I have concluded that MedLink has almost no concern for it's impact on the mostly residential properties that surround it. The building is shabby, the grounds ugly and the worst part is the amount of employee cars that park around it has a very serious impact on the neighborhood.

I stand squarely with the Stanton Park Neighborhood Association in its demands about parking. I strongly encourage the BZA to revisit the number of parking spaces permitted at this site. My family and I live on F Street NE and fear that the fate of this building will have an impact on our lives for years to come.

Thank you for considering my concerns.

Sincerely,

Vincent Morris
