Board of Zoning Adjustment
441 4th Street, NW Suite 210 South
Washington, DC 20001

Dear Members of the Board,

As a member of the Stanton Park Neighborhood Association, and a resident whose home is located one block south of Medlink Hospital, I respectfully request that you support the position of SPNA, Advisory Neighborhood Commissions 6A and 6C, and the Capitol Hill Restoration Society regarding the parking requirements for Medlink Hospital.

Medlink has consistently ignored the requirements imposed by lawful regulations and misrepresented both the scale of its operations and the availability of parking provided for its employees. It has continued to claim to provide parking in its underground garage throughout a period of time wherein many of these spaces were unavailable due to flooding.

The lack of parking available to me after early evening presents a serious safety hazard to me when I am forced to walk several blocks alone from my car to my home.

The BZA has existing orders establishing how much parking is required for this facility, and any reduction in these requirements should be conducted through a public process in which all affected persons may be heard.

Thank you for your attention to this matter.

Sincerely,

Barbara L. Krengel
