RE: BZA case 17043

TO: Board of Zoning Adjustment

I am writing today to support the Stanton Park Neighborhood Association appeal of the District Zoning Administrator decision to reduce the number of off-street parking spaces at Med-Link.

As a resident who lives diagonal to Med-Link, there are so many occasions (Sunday mornings, Saturdays, any night during the week after 5 pm, etc.) where I find it extremely difficult to park my car. Your decision to permit more Med-Link employees to park on streets surrounding Med-Link rather than on Med-Link property will further exacerbate the problem residents of Massachusetts Avenue have finding available parking spots. Your decision in light of the fact that Med-Link has an underground parking garage is even more appalling to me.

Siding with the residents of Stanton Park is the right thing to do.

Sincerely,

Brian McManus
