Dear Board of Zoning Adjustment:

As a long term resident in the Stanton Park neighborhood, I was deeply concerned about the decision to reduce the number of off street parking spaces that MedLink is required to provide for staff and visitors. It is my understanding that MedLink has adequate parking space to meet its needs without further taxing the parking resources that are currently available in the neighborhood. A public process to discuss this issue should be paid.

Please reconsider the decision to reduce MedLink's off street parking requirements.

Sincerely,

Brad A. Toll, D.P.M.
