Director
Board of Zoning Adjustment
441 Fourth Street N.W.
Suite 210
Washington, D.C. 20001

Dear Ms. Kress:

This is to inform you that at a full-commission meeting of Advisory Neighborhood Commission 6C on August 4, 2003, the matter of a parking variance, application for 33 Patterson Street N.E. (Case 17047, Square 672, lot 255), was presented by Mr. Jay Hellman. The discussion included community input and there was no opposition. The commissioners voted to support the parking variance. With a quorum of six out of nine commissioners present, the vote was five in favor and one opposed. The motion carried.

Notification of this special August 4 meeting was posted in two community listservs as well as in the local Voice of the Hill newspaper and its online calendar. In addition, each commissioner traditionally posts at least four notices in public places of his or her single member districts.

Daniel M. Pernell III, ANC 6C04, in whose single member district this address is located, is authorized to testify at the BZA hearing on this case. If for any reason Mr. Pernell cannot attend, Chairman Robert L. Hall Jr., ANC 6C05, is authorized to testify on his behalf.

Sincerely,

Robert L. Hall Jr.
Chairman of ANC 6C
