Mr. Geoffrey Griffis, Chairman
Board of Zoning Adjustment
Suite 210S
441 Fourth Street NW
Washington, DC 20001

Dear Mr. Griffis:

We are writing in reference to Application No. 17055 filed by the Army Distaff Foundation.

We have been living in the neighborhood, just across the street from the Distaff Hall for over fifteen years. We would like to voice our opposition to the proposed expansion.

We are concerned about the increase of traffic and the size of the addition as inappropriate for our residential neighborhood. This is a family neighborhood with small children in many of the families that reside here.

Overturning the current 25 year building ban agreement would set a bad precedent that these legal and binding agreements are essentially meaningless. It could also lead to additional unwanted construction.

I hope you will consider our objection when the decision is made.

Thank you,

Earl F. Skelton.
